General Disclosures Statements

Many professional publications and conferences have taken to requiring their authors and presenters to disclose ties with the pharmaceutical industry or other funding sources which may be seen as potential conflicts of interest. While those types of issues rarely impact our work, we still view transparency as an important value and want to provide as full a disclosure as possible. None of the following professional connections are believed to create any inherent conflicts of interest, although if you or your attorney believe there might be a specific issue in your case created by these associations, we want you to have that information up front. Please make sure to review our CVs as well for details on our work history, memberships in professional associations, co-presenters, and co-authors.

Aaron Robb, Ph.D., LPC-S

Dr. Robb is the managing member of RFH – Robb Family Holdings, LLC which owns and operates the building at 4875 Preston Road, Frisco, Texas. Various other businesses are also housed in the building.

Dr. Robb provides formal supervision for Peggy Kemp, of Whitesboro, Texas and Mary Schaff, of Aledo, who provide evaluations through agencies in their local areas. Dr. Robb provides administrative support to Mindy Harrison, LCSW and Susan Etheridge, LMSW, for the provision of evaluations thorough his agency, Forensic Counseling Services. He is occasionally retained to consult with other mental health professionals, as well as offering training in multiple formats, frequently at seminars or at other personal appearances.

In the past Dr. Robb has retained the services of former judge Chris Oldner and attorney Paul Hewett, who at the time were partners at the law firm of Orsinger, Nelson, Downing & Anderson, to address administrative issues regarding obtaining case records for a child custody evaluation from the Collin County Community Supervision and Corrections Department (probation).

Dr. Robb also manages a staff of visitation supervisors through his agency and offers direct services as detailed on the agency web page.

In addition to clinical and client-centered forensic work, our staff (particularly Dr. Robb) occasionally provide consultation services and expert witness services for attorneys on complex cases involving issues of behavioral health and family systems.

Susan Etheridge, LMSW

In addition to evaluations through FCS, Ms. Etheridge contracts with Licensed Child Pacing Agencies for adoption-related work throughout Texas.

Mindy Harrison, LCSW

In addition to evaluations through FCS, Ms. Harrison provides counseling services in her private practice. She is also owner of the Harrison Ballroom, an event center in Keller, Texas.
